

# The One

Limp Bizkit

Dead from all the loneliness  
And this is how I feel  
Understanding everything has never been my deal  
Maybe you have crossed my path  
To live inside of me  
Or maybe you're the reason why  
I'm losing all my decency

Cause I believe that you and me  
We could be so...  
Happy and free  
Inside a world of misery  
And I believe that you and me  
We could be so...  
Inside of you, inside of me  
Cause this could be the one

This could be the one

I've been lookin'  
I've been lookin' for my Mrs Right  
But she don't exist  
Chemistry is everything  
And we're anything but this  
Maybe I have crossed your path  
And swept you off your feet  
Or maybe I'm the reason why you cry at night  
Before you sleep

Cause I believe that you and me  
We could be so...  
Happy and free  
Inside a world of misery  
And I believe that you and me  
We could be so...  
Inside of you, inside of me  
Cause this could be the one

This could be the one

But what do you think?  
We could give it a try  
Cause you never know  
Maybe we could be soul mates  
But maybe not (maybe not)  
But maybe so (maybe so)  
If you never try  
Then you'll never know  
The grass could be greener (could be)  
And it will always be greener on the other side  
But you.. just never (never) know  
This could be the one

I do believe that you and me  
We could be so...  
Happy and free  
Inside a world of misery

And I believe that you and me  
We could be so...  
Inside of you, inside of me  
Cause this could be the one

This could be the one

But maybe so (maybe so)  
But maybe not (maybe not)  
Who knows?

If you're alone  
I know I...  
If you can hide  
Then go hide  
Away  
But I want you to stay, hey  
And blow me away, away  
I want you to stay  
And blow me away  
Away  
If you're alone  
Don't you vry  
If you can hide  
Then go hide  
Away  
I want you to stay  
And blow me away  
Your way  
I want you to stay  
And blow me away  
Away  
Your way
