

# Enough

Lin-Manuel Miranda

Oh my god, enough!  
Now you listen to me...

Mom...

Carajo, I said enough!  
I'm sick of all this fighting!

Cami...

Yapapapapa!  
I think you've said enough  
Now listen to what I say  
What I say goes!

Papi, you've pushed us all away

I'm trying to...

I don't wanna hear it! We make decisions as a family  
And throwing Benny out like that?  
You sound just like your father!  
We both know what a sonofabitch he was!  
You think it all comes down to you...

Cami, let's talk about it...

No no no no no!  
No no no no no! No, you don't!  
When you have a problem you come home  
You don't go off and make matters worse on your own  
One day you're gonna come back home  
And you're not gonna find me waiting any more

I'm sorry...

Huh. Damn right you're sorry.

So you stayed out all night

Mom...

I'm talking now!  
You scared us half to death, you know that right?

I'm sorry...

Don't apologize to me. You save it for your father

What?

Look at your father  
He doesn't sleep when you're gone  
He's worked his whole life to help you go farther  
And he can't admit when he's wrong  
Now who does that remind you of?  
You two deserve each other!

For months you lied to us  
What did we do...  
To make you think we wouldn't do anything and everything for you?  
When you have a problem, you come home  
You don't run off and hide from your family all alone!  
You hear me?  
When you have a problem, you come home  
As long as we're alive, you're never on your own  
Leave Benny!  
Take Benny!  
It doesn't make any difference, as long as you come home!

Camila...

No no no no no!  
Enough lying!  
Enough screaming!  
I'm done trying  
And I'm leaving it up to you!  
It's up to you!  
I'll see you both back home!  
Enough!
