

# Grand Finale

Lin-Manuel Miranda

Hey  
Calling all grown-ups, animals, and kids  
Right this way  
We have prepared for you today  
A dazzling display  
Presenting the one and only Vivo  
Go! Go! Go! Go!

Ladies and gentlemen  
It's Vivo and the kid again  
My rhythm comes from the heart of Havana City  
And I bring a bit of it to every city I'm living in  
I was given a gift  
I'm never giving up or giving in

Woo!

The time-honored traditions of the Caribbean  
In a collabo with Gabi

The fabulous Floridian

We have battled the elements and villainous reptilians  
By bouncing to the beat of our own drums with brilliance

My fine feathered friend has flown the whole meridian  
And Valentina can't help but bring the pretty in  
They shine like a diamond of the finest obsidian  
And tango like a native Argentinian  
But dang, yo. Y'all don't understand my singing  
Cos I'm running rings around this riveting rhythm and swinging  
Somebody gimme the rhythm and gimme a minute  
And gimme a limit so I can exceed it  
A brand-new song's just what we needed

Hey  
Lo lei lo lai  
Lo le lo lai, lo le lo lei

And if you like that dance  
Won't you clap your hands?

If you like that dance  
Won't you clap your hands? Go!

Hey  
Lo lei lo lai  
Lo le lo lai, lo le lo lei

And if you like that dance  
Won't you clap your hands?

If you like that dance

Won't you clap your hands?  
Go!

Que diga ¡presente!

Que diga ¡presente!

¡Presente!

¡Presente!

And if you like this song  
Won't you sing along?  
If you like this song  
Won't you sing along?

And if you like this song  
(¡Dale!)  
Won't you sing along?  
If you like this song  
(¡Así!)  
Won't you sing along?  
Go!

Hey  
Lo lei lo lai  
Lo le lo lai, lo le lo lei  
Lai le lo lei

If you like this song  
Won't you sing along?  
If you like this song  
Won't you sing along?  
If you like this song  
Won't you sing along?  
If you like this song  
Won't you sing along  
If you like this song  
Won't you sing along  
If you like this song  
Won't you sing along  
If you like this song  
Won't you sing along

We are one of a kind
