

# Leave The Bronx Alive

Lin-Manuel Miranda

Got a word on the waves, breakin' from the station, Boppers  
Ears open?  
We in a condition, truce is broken  
Peace meeting go heavy and Cyrus, the one and only, dead to the world  
The rain, it fall and vengeance 'pon de rise  
Likkle Coney Island crew, they coming for you  
Warriors, you on de run

El mundo te mata la esperanza  
El mundo te mata la esperanza  
Y cuando el mundo te mata la esperanza  
Solo queda venganza

Imagina una guagua de escuela, lleno de tipo' armao'  
Un montón de boricua' furioso', bien encojonao'  
Quieren matar las mujeres que dicen mataron su doña  
Y a mí me montaron al frente, a cantar su canción

You can't leave the Bronx alive  
Only the strong survive  
Atrévase, atrévase, ja, ja  
You can't leave the Bronx alive  
Only the strong survive  
Acérquense  
You can't leave the Bronx alive  
You got nothin', nothin'  
Only the strong survive  
Atrévase  
You can't leave the Bronx alive  
Only the strong survive  
You can't leave the Bronx alive  
Only the strong survive

The Turnbull ACs are tryin' to knock something loose  
Looks like they forgot about the truce

You can't leave the Bronx alive  
Only the strong survive

A bus full of bats and chains  
To smash our brains  
We gotta get past 'em to catch that train

You can't leave the Bronx alive  
Atrévase  
Only the strong survive

Look, there's the train, there's the train  
It's now or never and it's just a hundred feet away

You can't leave the Bronx alive  
Atrévase  
Only the strong survive

On my signal, five, four, three, two, one  
Run!

Mira, papo, por ahí corren  
Zumba, antes que lleguen al tren  
Wepa  
Ataca

You won't leave the Bronx alive  
Asesina', asesina', viren pa' acá  
Only the strong survive  
Adivina, adivina quién va a ganar  
You won't leave the Bronx alive  
Asesina', asesina', viren pa' acá  
Only the strong survive  
Adivina, adivina quién va a ganar

You won't leave the Bronx alive  
Aquí pitando, hazme caso cuando pito  
Only the strong survive  
Parecen bizcochitos y yo quiero un cantito  
Asesina', asesina'  
Quiero un cantito  
Quiero un cantito  
Asesina', asesina'  
Tengo mi cuchillo listo y yo quiero un cantito

Come on, come on, come on, come on  
Come on, come on, come on, come on  
Come on, come on, come on, come on  
Come on, come on, come on, come on  
Close the fuckin' door, shit  
Stand clear of the closing doors  
You fuckin' slowpokes!

El mundo te mata la esperanza  
El mundo te mata la esperanza  
Y cuando el mundo te mata la esperanza  
Solo queda venganza
