As far as you can see from the top of the Wonder Wheel
The Warriors are here
Come out, come out, come out, come out
From Coney Island Creek to the Stillwell subway station
The Warriors are here
Come out, come out, come out, come out and play

We keep it safe, we keep it clean
When shit goes down, we intervene
Every summer we go to war with every fly-by-
night gang who wants to see the shore, and we
Hold this boardwalk down
So why are we leavin'?
Why the fuck we gotta go uptown?
'Cause Cyrus holds the crown
Think we need a better reason
We've never gone that far uptown

But the truce is on, and Cyrus made that happen
Word
And the truth is we all wanna know what happens now
If the night goes sideways
What?
We really should be packin'
No!
And we're stuck uptown
Uh-huh, uh-huh
It's a long way down
It's a long way down, down, down

Cyrus is magic, whole lotta magic
We're going in all by ourselves
It's a long way down, down, down
Hey! You better have my back 'cause this is happenin'
We're going in like everybody else

Yes, we wreak havoc and beat traffic
(Come out, come out, come out, come out)
Rembrandt, you bring the cans and keep taggin' our sweet graphic
(Come out, come out, come out, come out)

And see where all of NYC stands, when we keep at it
(Come out, come out, come out, come out and play)
'Cause anybody testin' these hands will see static, capisce?

Last stop, Van Cortlandt Park
(Survive the night, survive the night)
Warriors, get ready, vests on?
(Survive the night, survive the night)
We ready

Cochise

Rembrandt
Swan, we in the Bronx

Hey, Boppers
It's midnight
Bring your swagger and your spark to Van Cortlandt Park
Hey, Boppers
Cyrus wants seven delegates from each crew
This means you

Hey, Boppers
The truce is on
Leave your weapons back at home, don't pack no chrome
Hey, Boppers
Rep your set with your head high
Can we unify all of NY?

We run the night
