

# Higher

Lincoln Brewster

Prodigals and runaways  
Rescued by saving grace  
We've found our freedom in Your love  
Miracles from the start  
Sanctified and set apart  
You'll never fail us, Oh God

When we're weak,  
You're strong  
Your love is power  
You are everything we need

We lift You up higher  
We lift You up higher  
We lift You up higher  
We lift You up higher

At the sound of Your name  
Heaven sings of Your fame  
Forever mercy falls on us  
Marvelous is what You are  
Majesty, You've won our hearts  
There's no one greater, Oh God

When we're weak,  
You're strong  
Your love is power  
You are all we need

We lift You up higher  
We lift You up higher  
We lift You up higher  
We lift You up higher

Nothing compares  
To Your power and glory  
You reign forever, ever and ever  
You are the Lord  
You're the King everlasting  
You reign forevermore

Nothing compares  
To Your power and glory  
You reign forever, ever and ever  
You are the Lord  
You're the King everlasting  
You reign forevermore

When we're weak,  
You're strong  
Your love is power  
You are all we need

We lift You up higher  
We lift You up higher  
We lift You up higher  
We lift You up higher
