

This Love

Lincoln Brewster

One love to overshadow every other love
One love to break the darkness
One love to overcome

Oh Lord
Your love it burns as fire
Brighter than the flame

As surely as the air I breathe
As surely as Your Word's alive in me
I'm held oh grace remind me
As surely as the stars above me
Life eternal waiting for me
And I owe it to this love

One love beyond the heavens and deeper than the seas
One love will be forever greater than my need
