

How Does a Crow Fly

Lincoln Durham

I met a dove once white as snow I turned her a shade of gray A
dove she wants to spread her wings But a crow clips her dove wi
ngs away

Chorus: How does a crow fly like an eagle How does a crow fly l
ike an eagle How does a crow learn to fly so high Where he can
rise up to heaven again I went down to the depths of despair I
wanted loose dirt on my grave I felt around in the dark for a w
hile Among the wicked and depraved

Chorus repeat

How does a heart turn black as coal How does a heart turn black
as coal How does a heart turn black as coal How does a crow sa
ve his own wretched soul

Chorus repeat
