

Juke Box Gypsy

Lindisfarne

Juke box gypsy jangle
Shake your silver bangle
Dancing all night 'cause it feels alright
Hold your dress up high

Sweet baby, send me
Bee bop baby, bend me
You look so good, make me wish you would
Hold your dress up high

I'm so sure that you got the cure
For anybody feeling insecure
One injection and it feels alright
One more poke and you can do it all night

Juke box gypsy, shake me
Juke box gypsy, break me
But get out of hand, just pass me a plan
Hold your dress up high

I'm so sure that you got the cure
For anybody feeling insecure
One injection and it feels alright
One more poke and you can do it all night

Juke box gypsy jangle
Show your silver bangle
Dancing all night 'cause it feels alright
Hold your dress up high

Hold your dress up high
Hold your dress up high
Hold your dress up high
