

Passing Ghosts

Lindisfarne

You can sleep with me
Who'll sleep with we
We'll sleep together

You don't have to watch the dawn
But you can if you want

And he can sleep with her
Who'll sleep with we
We'll sleep together

You don't have to touch the rain
And you don't have to talk about the weather
'cos it's only passing time
Well, it's only passing time
Well, it's only passing a little bit of time

And when my time has come
My call has time
To come together

And if my grave is really still
I won't need to talk about the weather
'cos it's only passing time
Well, it's only passing time
Well, it's only passing a little bit of time
