

# Vultures

Lindsay Ell

Some of us, we're hardly ever here  
The rest of us, we're born to disappear  
How do I stop myself from being just a number?  
How will I hold my head to keep from goin' under?

Down to the wire  
I wanted water, but I'll walk through the fire  
If this is what it takes to take me even higher  
Then I'll come through  
Like I do when the world keeps testing me, testing me, testing me

How did they find me here?  
What do they want from me?  
All of these vultures hiding right outside my door  
I hear them whispering  
They're tryin' to ride it out  
They've never gone this long without a kill before

Down to the wire  
I wanted water, but I'll walk through the fire  
If this is what it takes to take me even higher  
Then I'll come through  
Like I do when the world keeps testing me, testing me, testing me

Wheels up  
I got to leave this evening  
I can't seem to shake these vultures off of my trail  
Power is made by power being taken  
So I keep on running to protect my situation

Down to the wire  
I wanted water, but I'll walk through the fire  
If this is what it takes to take me even higher  
Then I'll come through  
Like I do when the world keeps testing me, testing me, yeah

Ooh, ooh, ooh, ooh

Whatchya gonna do about it?  
Whatchya gonna do about it?  
Whatchya gonna do about it?

Don't give up, give up, give up  
Don't give up, give up  
Don't you give up, give up
