

Worth the Wait

Lindsay Ell

You keep saying that you ain't ready so I keep hanging on
It's the same sad situation, I've been here and you've been gone

You keep sellin' hope, just like candy to a baby
And I keep fallin' further in 'cause I keep hopin' maybe

It'll be worth the wait, worth the wait
To push this heart beyond itself, way past what it should take
I'm crazy, crazy
That's just what you do when you believe
It'll be worth the wait

Can't you see just what you got?
Guess that makes you crazy, too
I wish that I could climb that wall and fall right into you
You keep buildin' up what I keep tearin' down
Your love is like a ghost that I can't get my hands around

It'll be worth the wait, worth the wait
To push this heart beyond itself, way past what it should take
I'm crazy, crazy
That's just what you do when you believe
It'll be worth the wait

It'll be worth the wait, worth the wait
To push this heart beyond itself, way past what it should take
Guess that's what you do when you believe

You hang on tight to something you can almost see
It'll be worth the wait
It'll be worth the wait
I keep telling myself
I keep telling myself
