

Love Is Here to Stay

Lindsey Buckingham

Tender was your miracle
Tender was your whispered voice
As I lay this soul to rest
Even though I stayed too long
Even though I had no choice
I will do what I do best

Wind blows one way
Time goes
But love is here to stay

When the stars come out at night
When the moon is full enough
I will lay this soul to rest
Brook of flowers, hearts of stone
Even though I played too rough
I will do what I do best

Wind blows one way
Time goes
But love is here to stay

In the blue and gray
We ran out to play
Seems like yesterday

Tender was your miracle
Tender was your whispered voice
As I lay this soul to rest
Even though I stayed too long
Even though I had no choice
I will do what I do best

Wind blows one way
Time goes
But love is here to stay

Wind blows one way
Time goes
But love is here to stay
