

# Don't Let This Feeling Fade

Lindsey Stirling

What really matters in life?  
Is it a sprint or a marathon?  
And what if finish lines make us happy?  
Or are we glad we can run at all?  
Can't fall, when I'm sleep, I'm chasin' a dream  
When I wake up and it's over, what did I gain?  
Gain, turn it up, let me hear you live  
Everybody tunes in just to hear you win  
I'ma race to the finish line when I'm done  
I'm worth more than a gold that I never won  
One, one life, one love  
Can't win 'em but lose all the above

Don't let this feelin' fade  
Lunge into the sky like a private plane  
Hang on, we'll ride this wave  
Watch the tide come in a little  
Just a little more each day  
Don't let this feelin' fade  
Don't let this feelin'  
Hang on, we'll ride this wave  
Lunge into the sky like a private  
Fly like a private plane

Don't let this feelin'  
D-d-don't let this feelin' fade  
Turn it up, let me hear you live  
Don't let this feelin'  
Don't, don't let this feelin' fade  
One life, one love

Yeah, uh  
What really matters in life?  
Is it a sprint or a marathon?  
And what if finish lines make us happy?  
Or are we glad we can run at all?  
I never do it to lose, but losin' occurs  
And when I do it for the love, lose never hurts  
Loose, loose grip on what I can't hold  
Who you foolin' with a handful of fool's gold?  
Lose, lose, when you do it for the wins only  
Love gave you meaning, it never was a trophy  
It never was a trophy  
Yeah, enjoy the race, homie

Don't let this feelin' fade  
Lunge into the sky like a private plane  
Hang on, we'll ride this wave  
Watch the tide come in a little  
Just a little more each day  
Don't let this feelin' fade  
Don't let this feelin'  
Hang on, we'll ride this wave  
Lunge into the sky like a private  
Fly like a private plane

Don't let this feelin'

D-d-don't let this feelin' fade  
Turn it up, let me hear you live  
Don't let this feelin'  
Don't, don't let this feelin' fade  
One life, one love
