

## Touch 2.0

Linea 77

I've never know your fuckin' feelings  
and one side of my heart choose the correctness  
maybe wrong maybe right maybe insane  
for my inner wish  
sweet child little child  
inside me he starts to burn  
You have understood  
but I don't dare

Touch my hand!

Crazy senses shout  
and my question receive one cold "no"  
it's the second time  
maybe wrong maybe right maybe insane  
for my inner wish  
sweet sin little sin  
rules my actions and my dreams  
I've understood  
but you don't dare

Your legitimate doubt  
falling into sin

Somebody call me but now I'm deaf  
Somebody call me but today I'm deaf  
Somebody call me but for you I'm deaf
