

THE CHOSEN ONE (MASTER)

Lingua Ignota

I am the chosen one
I am the chosen one
I am the chosen one

I am the rapist
I am the demon
Holy righteous axe of God
I am unending night

Unforgivable daughter
Untouchable whore
Slut without pleasure
My own fucking frigid lover

Sexless no sex just death
Ruined in every hole
Broken in every bone
Beaten within an inch

I am the chosen one
Fifteen unconscious one
Facedown slit open one
As God made me
As God made me

Most rejected above all things
Most rejected above all things
Most despised above all things
Most despised above all things
Most coveted above all things
Most coveted above all things
Most coveted above all things
Most coveted above all things

I am master
Master
Master
Master
