

Dance Floor

Link 80

Dance floor it's my home away from home,
The music's loud,
I start to dance,
I don't feel so alone,

So much aggression,
But I don't hurt anyone,
I go to the show,
And I dance and have fun.

I found it,
What I've been looking for
Found it, found it on the dance floor
I found it,

What I've been looking for
Found it, found it on the dance floor
Paid my five bucks and go to the show,
This is so great,

I don't ever want to go
So much aggression,
But I don't hurt anyone,
I go to the show,

And I dance and have fun
I found it,
What I've been looking for
Found it, found it on the dance floor

I found it,
What I've been looking for
Found it, found it on the dance floor
Paid my five bucks and go to the show,

This is so great,
I don't ever want to go
So much aggression,
But I don't hurt anyone,

I go to the show,
And I dance and have fun
I found it,
What I've been looking for

Found it, found it on the dance floor
I found it,
What I've been looking for
Found it, found it on the dance floor
