

# Stained

Linkin Park

Hand on my mouth, I shouldn't have said it  
Gave you a chance, already regret it  
Trying so hard to be sympathetic  
But I know where it's gonna go if I let it  
And I let it

Knowing you're hiding what no one else sees  
Close-lipped smile 'cause there's blood on your teeth  
What you forget you are gonna repeat  
You don't get to make amends like your hand's still clean

Because you're stained  
You try to hide the mark but it won't fade  
You lie and lie like I was nothing  
Pretend you're spotless  
But I don't wash away  
And now you're stained  
And now you're stained

Sweat in your hands while the time starts ticking  
Sweat in your hands while the time starts ticking  
Tripping on words, alibi starts slipping  
Tripping on words, alibi starts slipping  
Wanna wake from the nightmare you've been living  
Wanna wake from the nightmare you've been living  
But we both know forgotten doesn't mean forgiven  
Doesn't mean forgiven  
Forgiven

Knowing you're hiding what no one else sees  
Close-lipped smile 'cause there's blood on your teeth  
What you forget you are gonna repeat  
You don't get to make amends like your hand's still clean

Because you're stained  
You try to hide the mark but it won't fade  
You lie and lie like I was nothing  
Pretend you're spotless  
But I don't wash away  
And now you're stained

And someday  
Knowing you're hiding what no one else sees  
And someday  
Close-lipped smile over blood on your teeth  
And someday  
What you forget you are gonna repeat  
Trying to make amends like your hand's still clean  
But we both know that your hand's not clean

And someday  
Your hands will be too red to hide the blame  
You'll realize you had it coming  
Pretend you're spotless  
But I don't wash away  
And now you're stained  
And now you're stained

And now you're stained
