

# Wake

Linkin Park

Should I have a taste of this  
Start and crush your nails  
And start all over again

Could this all just be a dream

If I should fall to stormy weather  
Wake Me, Wake Me  
Yeah

Maybe this time I can do it all wrong  
Without my foot in my mouth  
Without that blind in my sight

Could this all just be a dream

If i should fall to stormy weather  
Wake Me, Wake Me  
Yeah  
2x

Oh, oh

Too scared to lose the one  
I tried so hard for  
Too scared to lose the one  
I never had  
2x
