

Can't Get Enough

Lion Babe

Hope you don't know when I cry
Hope you don't miss me at night
Hope that you don't

Hope that you felt this was right
I been around and around
I'm in denial

Can't get enough
Can't get, can't get enough

Can't get enough
Can't get enough, can't get enough

Lost in this experience
Tested every day
Love's the big experiment
One my heart can't take

Funny when I think of it all
Funny how I felt when we met
Funny how you threw me way off
Funny how you think of me, funnier than me
Feeling from a place I can't understand
Can't believe I let you know me
Showed you what is deep
Down, oh

Can't get enough
Can't get, can't get enough

Can't get enough
Can't get enough, can't get enough

Lost in this experience
Tested every day
Love's the big experiment
One my heart can't take

Look up, look up
Look up

Oooo
