

Freekish

Lion Babe

If you wanna get freekish
Lemme know now, and eat this
Ride on top til the peak hits
Talk that talk I'm speechless

If you wanna get freekish
All night long, I need this
On the low can we keep it
Body like damn, can't beat

If you wanna get freekish
Let's let loose, and free this
Taste that juice, when the beat hits
Tension let's release

Taste that juice when the beat
Juice when the beat
Taste that juice when the beat
Juice when the beat

Now the night got me creepin'
Dive into the deep end
Ecstasy, let's begin
Oh I love the feeling

(Oh I love the feeling)
(Oh I love the feeling)

I wanna get freeky with it
Shake shake shake
Get cheeky wit it
She ate ate ate
All night, she different
Work that waist
Now the heads are spinning

I'm flowing through the night
I'm feeling pure delight
I'm 'bout that freeky life
Look in my eyes it's giving

So freeky
Gettin freeky with me
Oo so freeky
Gettin freeky with me

If you wanna get freekish
Lemme know now, and eat this
Ride on top til the peak hits
Talk that talk I'm speechless

If you wanna get freekish
All night long, I need this
On the low can we keep it
Body like damn, can't beat this

So freeky

Body like damn can't beat
Oo so freeky

So freeky
Body like damn can't beat
Oo so freeky

Oh I love the feeling
Gettin freeky with me
Oh I love the feeling

Gettin freeky with me
Gettin freeky with me

If you wanna get freekish
Let's let loose, and free this
Taste that juice, and the beat hits
Tension let's release it

Now the night got me creepin'
Dive into the deep end
Ecstasy, let's begin
Oh I love the feeling this
