

# Get Up

Lion Babe

Get up  
Get up baby  
Get up, woah

Monday night, it's alright, we up (we up)  
Looking nice, feeling right, I see ya (I see ya)  
Don't be shy, live your life, be up (be up)  
You're already on the way (yeah)

Everybody looking at you, (at you)  
Wondering what you gon' do (gon' do)  
How you gonna make it all move  
What we on, what we gon' do (gon' do)  
Show em how to let it all loose (all loose)  
Lemme see ya drip that juice (drip drip)

You can take 'em with you  
Tell 'em what you gonna do  
C'mon, live it up, give it up  
Oh, I'm about to make it go

(Get up, get up, get up, get up)  
Oh, boy  
Get up!  
Get up baby  
Get up, woah

Ring ring, like Yo this me, melanin head to feet  
Catch you high like ecstasy, pinstripe like referee  
I'm know you got that water, I see them sharks around you  
They wanna police your body, please don't let them drown you  
Teach me lessons, just don't test me, I won't touch you if you won't let me  
I'm too fly these boys can't catch me, I'm hard to get if you don't get me  
Baby you hot, cat fish fry, please don't let em kill your vibe  
You a queen, baby let's slide, 404 to the 305  
Fuck they feelings (Dad)

You can take 'em with you  
Tell 'em what you gonna do  
C'mon, live it up, give it up  
Oh, I'm about to make it go

(Get up, get up, get up, get up)  
Oh, boy  
Get up!  
Get up baby  
Get up, woah

No, no  
I don't need more  
On my way to  
Make it with you

On my way  
Get up
