

## Hit the Ceiling

Lion Babe

Every guy got advice from the bottom to the top  
Anyway, gotta choose make a move, hustle never stops

All night gotta stay up (Ay, ok)  
And I just can't get enough (Ay, ok)  
Going out, I'll see you around  
Downtown in the scene

I'm gon' the ceiling, hands up on the wall (On it, on it)  
We ain't got no limit, and we don't let go  
And we don't let go (don't let go)  
I'ma hit the ceiling, you hear me?  
I won't take my spirit, I'm living  
Get ready for the healing, the healing  
Tell me if you feel it, here we go, oh

What a day in our little world  
Out here riding with the waves  
Sweet escape finds me every day  
At home where the heart is, where the heart is

All night gotta stay up (Ay, ok)  
And I just can't get enough (Ay ok)  
Going out, I'll see you around  
Downtown in the scene

I'm gon' the ceiling, hands up on the wall (On it, on it)  
We ain't got no limit, and we don't let go  
And we don't let go (don't let go)  
I'ma hit the ceiling, you hear me?  
I won't take my spirit, I'm living  
Get ready for the healing, the healing  
Tell me if you feel it, here we go, oh

Hit the ceiling, hands up on the wall  
We ain't got no limit, and we don't let go  
No, we don't, no, we don't

I'm gon' the ceiling, hands up on the wall (On it, on it)  
We ain't got no limit, we don't let go  
I'ma hit the ceiling, you hear me?  
I won't take my spirit, I'm living  
Get ready for the healing, the healing  
Tell me if you feel it, here we go, oh
