

# It's Okay

Lion Babe

It's okay  
It's okay  
It's okay

Only way is forward, there's no way to get back  
Only feeling sorry when you live in the past  
Waiting on something, bringing you nothing  
Waiting in line for a dream

Only way is forward, there's no way to get back  
Always say you're grateful 'cause it all goes too fast  
Waiting on something, bringing you nothing  
Waiting in line for a dream

It's okay if you're not okay today  
It's okay if you're not together

It's okay  
(Only way is forward, there's no way to get back)  
It's okay  
(Always say you're grateful 'cause it all goes too fast)  
It's okay  
(Waiting on something, bringing you nothing)  
It's okay  
(Waiting in line for a dream)

Can't believe you're gone  
Not where you belong  
Making me question  
Even though I had the faith

It's gon' be hard everyday but it's okay  
You gon' cry and scream sometimes, I swear that it's okay  
You might doubt yourself you but you gon' do it anyway  
It's not gon' be perfect, but I know that it's okay

It's okay, I get brighter everyday  
I'm the wave, I'm gon' pray  
Blessed in every single way  
They gon' love, they gon' hate  
They gon' try tarnish my name  
It's the same, seal my fate  
Promise I'm gon' be okay

It's okay  
(Only way is forward, there's no way to get back)  
It's okay  
(Always say you're grateful 'cause it all goes too fast)  
It's okay  
(Waiting on something, bringing you nothing)  
It's okay  
(Waiting in line for a dream)  
It's okay  
(Only way is forward, there's no way to get back)  
It's okay  
(Always say you're grateful 'cause it all goes too fast)  
It's okay

(Waiting on something, bringing you nothing)

It's okay

(Waiting in line for a dream)
