

Just Me

Lion Babe

I can wait for it
And I'ma need space for this
I won't leave it til I found my way

This moment never been so important
Can't find all the words that I wanted
So I gotta sit and wait for it all to come together

Been a minute since I stood in the water
Let it rain all alone it was longer but
I'm a live in this yeah yeah yeah-eh

With control like I've never known it
Just me, oh yeah
In control had to let it all go
Oh, just me, oh yeah

I can wait for it
Throw it all away for this
Got my reasons til I find my way

You've got to come out when it's time

With control like I've never know it
Just me, oh yeah
In control had to let it all go
Oh, just me, oh yeah

Gimme some time to love gimmie gimmie
Gimme some time to love gimmie gimmie
Gimme some time to love gimmie gimmie

Gimme some time to love gimmie gimmie
Gimme some time to love gimmie gimmie
Gimme some time to love gimmie gimmie
