

# On The Low

Lion Babe

I just wanna keep it on the low for now  
Baby bite your tongue and don't you run your mouth  
I just wanna keep it to myself for now, so now  
Just keep it on the low

I just wanna keep it on the low for now  
Baby bite your tongue and don't you run your mouth  
I just wanna keep it to myself for now, so now  
Just keep it on the low  
I just wanna keep it

You can hold my body in the dark  
We don't need the light to feel a spark  
Baby it don't matter where we go  
Just stay close  
Get low if you want that  
Tonight I'ma need that  
Get high can you feel that  
Moonlight I can be that  
But if I'm being honest I don't wanna share yet  
(I don't wanna share)  
I just wanna keep it on the low for now  
Baby bite your tongue and don't you run your mouth  
I just wanna keep it to myself for now, so now  
Just keep it on the low

I just wanna keep it on the low for now  
Baby bite your tongue and don't you run your mouth  
I just wanna keep it to myself for now, so now  
Just keep it on the low  
I just wanna keep it

Sometimes when the beat comes off  
And the freak comes out  
And the sheets fall off  
Get a gift like me and you peak uh huh  
High fashion  
Girl of your dreams uh huh  
Tell me you can keep a secret, peep it  
Baby will you be my deepest weakness  
Everybody out looking regal, regent  
I think we both look so fine  
Those boys cool, they're decent, frequent  
Staring at my body like they're not eating  
Everybody wants to be my beacon beating  
I just need you to my self

But if I'm being honest I don't wanna share yet  
(I don't wanna share)

I just wanna keep it on the low for now  
Baby bite your tongue and don't you run your mouth  
I just wanna keep it to myself for now, so now  
Just keep it on the low

I just wanna keep it on the low for now  
Baby bite your tongue and don't you run your mouth

I just wanna keep it to myself for now, so now  
Just keep it on the low  
I just wanna keep it

Fuel added to the fire  
Burning's getting brighter  
As the moonlight surrounds us  
Higher take me higher
