# So Long

**Lion Babe**

It's a full moon
Oh and I've been waiting for it
But I won't, but I won't see it with you
Oooh

Daddy called it puppy love
I said, no way he's the one
Thought it would carry on

Then he hit me like a drug
Thought he fit me like a glove
Leading me on and on

I don't understand
When I'm alone

I just can't believe it
We were so wrong

So long
Aye, see you next life time
Oh, so long
Thanks for the memories

Got me walking out my door
Feeling different then before
Got a good outfit for

Now your paying for it,
Howling for it,
Breathing for it
Away

I don't understand,
Now that you're gone

Why I wake up believing
Lost on my own

So long
Aye, see you next life time
Oh, so long
Thanks for the memories
(Wanna say thank you)

Like a picture framed over my door
When I see reliving it all
It's like a dream no end in sight
How many more till I feel alright

Please...

Oh, than you go, and you go, and you go from me
I know, and I know, and I know your sorry
Leave me be
You and me both know we needed to grow

So long
See ya next lifetime
Thanks for the memories
