

Something Magic

Lion Babe

Something magic happens
When we look in each other's eyes, oh baby
Something magic happens
I don't wanna ever, I don't wanna ever let it go

Something magic happens
When we look in each other's eyes, oh baby
Something magic happens
I don't wanna ever, I don't wanna ever let it go

Everyday I'm feelin' the beat
And I just can't wait for the heat of
The moment when the time is right
Our love is burning bright like a fire

Every night we're still on our feet
So come in close and feel the heat of
The love that's deep inside
I've been waiting for this all of my life

Something magic happens
When we look in each other's eyes, oh baby
Something magic happens
I don't wanna ever, I don't wanna ever let it go

I got to have it, like its a habit
Oh you the baddest, make me a savage
Let's rock the carriage, like we in marriage
And let us cherish, and keep em staring

I can see us on the beach, we fine
Living our life in deep recline
Lil' vacay from the heat and grind
Loving the way we peak and shine
Got one life, so take it slow
We already where we got to go
Eat up, eat up, and feed your soul
Feet up, feet up, I gotta let you know

Something magic happens
When we look in each other's eyes, oh baby
Something magic happens
I don't wanna ever, I don't wanna ever let it go

Something magic happens
When we look in each other's eyes, oh baby
Something magic happens
I don't wanna ever, I don't wanna ever let it go

All my life I've waited for, oh
All my life I've waited for
All my life I've waited for
A magic just like this
