

Why

Lion Babe

Why does your love hurt so much, why
Why does your love hurt so much, don't know why

You know I loved you baby
All the while
You just betrayed it
In a [?]
All those things that you said, oh

Why does your love hurt so much, why
Why does your love hurt so much, don't know why

You said I love you, say that
But you left me, I want to make it
You want to come back again someday
Darlin' here's what I say

Why does your love hurt so much, why
Why does your love hurt so much, don't know why
So much, ooh

Why does your love hurt so much, why
Why does your love hurt so much, don't know why
