

## Better Days

Lionheart

Growing up  
We didn't had much  
My mom worked 3 jobs  
So we could have enough  
I owe  
My life to her  
Cause now  
I see, I see, I see better days

I see better days

Hold on, hold on, hold on  
Stay strong and carry on  
Hold on, hold on, hold on  
Cause I see better days

One day  
It'll all be different  
No more prayin'  
No more wishin'  
I know  
There's gotta be a way  
Cause I see, I see, I see better days

I see better days

Hold on, hold on, hold on  
Stay strong and carry on  
Hold on, hold on, hold on  
Cause I see better days

Hey you are not alone  
Hey you are not alone  
Cause I see, I see, I see better days

Every time you feel alone  
Know I feel it too  
Every time you feel alone  
Know I feel it too

Every time you feel alone  
Know I feel it too  
Every time you feel alone  
Cause I see, I see better days
