

## New One

Lipali

Soul devastated  
Gods are frustrated  
I have to go my own way

I ve got my judgement  
I ve got my rules  
I m not in solitude  
I ve got an idea on my mind  
Better days ?  
No gods allow !

I m the cosmic ray  
I m going straight ahead to undiscovered part of  
Space in front of me  
No one can t catch me  
But some of you should try

Blindness is expanding  
Uprightness is fadeing  
The epitaph is reward

I ve got my judgement  
I ve got my rules  
I m not in solitude  
I ve got an idea on my mind  
Better days ?  
No gods allow !

I m the cosmic ray  
I m going straight ahead to undiscovered part of  
Space in front of me  
No one can t catch me  
But some of you should try

I'm the ace of spades  
I'm the strongest card the winner in this game and  
gods can get my ass to kiss and  
some of them will try...
