

Doubledecker

Liquido

Left abandoned and abused
maybe i´m so confused
take my chance and do my best
better then the whole rest
never change it´s just too late
we can´t be friends well think again now
I will realize my plan doing what I can

Never gonna chance never gonna chance
fix me right and then
we´ll see what´s coming on now
take a little bit of this and that
take a little bit of supersonic banners... make me so sad
supermega tony vega like a beggar like on an easy chair
I like it when you´re so aware
supersonic games supersonic games
who´s to blame who´s to b...b...b...b... blame:

Big boy doubledecker makin´my heart go quicker
it´s a bad game-dreadful like migraine

To the ladies...
I feel i´m sleepin´through the cracks
two times ryhmin´on this track
laughin´ ´bout the thing we did
another day so uninspired

Never gonna chance never gonna chance
fix me right and then
we´ll see what´s coming on now
take a little bit of this and that
take a little bit of supersonic banners... make me so sad
supermega tony vega like a beggar like on an easy chair
I like it when you´re so aware
supersonic games supersonic games
who´s to blame who´s to b...b...b...b... blame:

Big boy doubledecker makin´my heart go quicker
it´s a bad game-dreadful like migraine
