

Sun Rose

Lisa Ekdahl

The sun rose
And i awakened
Covered up in flames
I was lost
Like anyone knows
How i was shaken
Fallin' from in pain
I was almost blind
My hands entwined
But suddenly the
Sun rose right before my eyes
I can't believe that i
Could feel the way i do
I can't believe it's true
It's you and only you

The sun rose
In such an hazy
Sky this morning
I though
My soul
Would fly away
When it was
Just barely
High and dawning
I though i almost died
My hands were tied
But suddenly the
Sun rose right before my eyes
I can't believe that i
Could feel the way i do
I can't believe it's true
It's you and only you
