

Sunny Weather

Lisa Ekdahl

Sunny weather
Tastes much less sweeter
Since you went away
Sunny weather ain't no sunny anymore

Sunny weather
Seemed so much brighter
Now colors just fade
Sunny weather ain't no sunny anymore

All day
Rain falls
And i'll fall like a feather
'Till i can kiss you once again

This sunny weather
Feels colder than winter
My heart's turned to snow
Since you had to go
Sunny weather ain't no sunny anymore
