

Magic Neighbor

Lisa Germano

Mother see this, mother see this
He must be God
He can turn cats into pieces of furniture
Or a couple pieces of furniture

A furniture piece we just don't want
Sorry for you to be one
They're quite the Gods, now they turn whole
Families into target practice

You must feel great power and death
Boom, boom, boom, boom
There must be time, something to do
He lives next door

Putting 'em down
Putting 'em down

Putting 'em down
Putting 'em down
Putting 'em down

Putting 'em down
Putting 'em down

Putting 'em down
Putting 'em down
Putting 'em down

Mother see this, mother see this
It gets so much bigger than this
