

Keep Growing

Lisa Loeb

Keep growing, keep growing
Set your sights and keep going
There's so many things worth knowing
Keep growing

Keep showing, no slowing
Use the light when it's glowing
The winds of change are blowing
No slowing

Against the current that is flowing
Put your head down and keep rowing

Sun's glowing, it's not snowing
The lawn looks like it needs mowing
From all the seeds you've been sowing
Keep growing

Keep growing, keep growing
Set your sights and keep going
There's so many things worth knowing
Keep growing

Keep showing, no slowing
Use the light when it's glowing
The winds of change are blowing
No slowing

Against the current that is flowing
Put your head down and keep rowing

Sun's glowing, it's not snowing
The lawn looks like it needs mowing
From all the seeds you've been sowing
Keep growing
There's so many things worth knowing
Keep growing
The winds of change are blowing
Keep growing
