

# Linger

**Lisa Loeb**

I wanna linger a little longer, a little longer here with you.  
It's such a perfect night, it doesn't seem quite right that this should be my last with you.

I wanna linger a little longer, a little longer here with you.  
And come September, we will remember our camping days and friendships true.

And as the years roll by, I'll think of you and sigh.  
This is good luck and not goodbye.  
I wanna linger a little longer here with you.

I wanna linger a little longer, a little longer here with you.  
And as the years go by, I'll think of you and sigh.  
This is good night and not goodbye.

I wanna linger a little longer, a little longer here with you.  
I wanna linger a little longer, a little longer here with you.  
I wanna linger a little longer, a little longer here with you.  
I wanna linger a little longer, a little longer here with you.
