

# Shake Things Up

Lisa Loeb

I been waiting all year long for the holidays  
I wanna get out of the office  
I'll you that my girl is ready too  
I wanna get off of the clock  
You know I hate my parking spot  
It's time to shake things up

Sippin' on a cocoa martini with a peppermint twist  
There's no place I'd rather be  
You know I wrapped all my gifts  
And I crossed off my list  
Hey, hey got my baby next to me  
All day in our pajama  
We're doin' what we wanna  
You got to shakes things up  
Come with now and

Shake, shake, shake  
Shake things up  
Shake, shake, shake  
Shake them up  
It's that time of the year  
You know it's finally here, yeah  
You got to shake things up

Coming up on New Years  
Lord knows I could use a clean slate  
I'm gonna sleep more, lighten up  
And do what I say I'm gonna do  
I'm gonna get new motto  
Maybe win the lotto  
You got to shake things up  
Come with me now and

Shake, shake, shake  
Shake things up  
Shake, shake, shake  
Shake them up  
It's that time of the year  
You know it's finally here, yeah

You gotta, gotta, gotta  
Shake things up

For the holidays  
For the holidays  
For the holidays  
You gotta shake things up

Come on, let's shake it up now

Shake, shake, shake  
Shake things up  
Shake, shake, shake  
Shake them up  
It's that time of the year  
You know it's finally here, yeah

You got to shake things up  
Come on now and

Shake, shake, shake  
Shake things up  
Shake, shake, shake  
Shake them up  
It's that time of the year  
You know it's finally here, yeah  
You got to shake things up

Happy Holidays  
Happy Holidays  
Happy Holidays  
From me to you  
From you to them  
From them to us  
To all of us  
Happy Holidays  
Happy Holidays to all of us
