

Wait

Lisa Lois

Been living on the edge of a life
That promised a world
Where impossible is nothing
Took a leaf from the good book
Took a slap in the face
But now I'm on to something
So here comes the new color
Here comes the new creed
I know it's just a matter of time
And as long as I believe
All I gotta do is
(Wait)
A little longer now
Getting stronger now
You gotta
(generate, generate, wait)
A little longer now
You can ride it out
You gotta
(generate generate Wait)
Oh these times were born in
They make it hard to find your calling
(gotta Wait)
Just a little longer
Cause I know I'm on my way
Never felt I was living my life
Till I took the chance
To step out the shadows
Like a bird that's stuck in a cage
When I closed my eyes I could sing from a mountain top
So here comes the new color
Here comes the new creed
I've got the strength of a million souls
And as long as I believe
All I gotta do is
(Wait)
A little longer now
Getting stronger now
You gotta
(generate, generate, wait)
A little longer now
You can ride it out
You gotta
(generate generate Wait)
Oh these times were born in
They make it hard to find your calling
(gotta Wait)
Just a little longer
Cause I know I'm on my way
The truth ain't comfortable
But if you want it all The best things come to those who can
Dust off the dirt, and put in the work but you better be ready
(Wait)
A little longer now
Getting stronger now
You gotta
(generate, generate, wait)

A little longer now
You can ride it out
You gotta
(generate generate Wait)
Oh these times were born in
They make it hard to find your calling
(gotta Wait)
Just a little longer
Cause I know I'm on my way
