

# So Solid Party

Lisa Maffia

We're gonna be late for the So Solid party

It's a So Solid party  
It's a So Solid party  
It's a So Solid party  
This ones just for the good vibes  
It's a So Solid party  
This ones just for the good vibes  
Good vibes  
It's a So Solid party  
Party, party, party

It's a So Solid party,  
If ya names not down the your not coming in  
Another party for me  
We support for the ravers not misbehaviours  
You punks on these papers  
Welling it for the ones that be rating us  
Ones that be spending their money to rave with us  
Queuing up at the door then there's no fuss  
In the rain and the cold and until dusk  
Why you spoiling it for the ones that be waiting  
And saving their seat for the So Solid raving  
Craving, the papers say things  
All night wanna keep on raving  
Champagne bottles, hunger and anything  
Seeing the So Solid stars that are blinging  
Everytime that you look at champagne bottles  
See the stars and the vibes that we're bringing

It's a So Solid party,  
If ya wanna be invited  
This ones just for the good vibes  
If ya names not down your not coming in  
It's a So Solid party,  
If ya wanna be invited  
This ones just for the good vibes  
If ya names not down your not coming in

How would it be  
Without s,o,s,o,l,i,d  
I know it be  
No more fun, no more raving see  
It's a shame to see  
People won't believe in us  
Your the ones who know  
Our fans that we have learned to love

How would it be  
If it wasn't any stars for you to see  
I know it be  
A mess up in this industry  
It's so plain to see  
That we'll go down in history  
I know you came to see  
Tiger S is the face representing the family

It's a So Solid party,  
If ya wanna be invited  
This ones just for the good vibes  
If ya names not down your not coming in  
It's a So Solid party,  
If ya wanna be invited  
This ones just for the good vibes  
If ya names not down your not coming in

And now the time has come  
To show you how we get down  
Move your body around  
Can't take this So Solid sound  
And you should understand  
That we're gonna stay around  
The more you try and stop us  
The more we're gonna stand our ground

It's a So Solid party,  
If ya wanna be invited  
This ones just for the good vibes  
If ya names not down your not coming in  
It's a So Solid party,  
If ya wanna be invited  
This ones just for the good vibes  
If ya names not down your not coming in
