Verse 1:

C G
When I left and I said goodbye
Dmi F
Did you know that I meant it, mmmm, that time?

I guess that I didn't quite realize
Dmi F
What I was saying goodbye to - whoa, just yet
C G Dmi
The only asphalt to pave my way - that was you
F
And damn it if I didn't try to do
F
Everything that I was supposed to

Chorus:

C G
And now - what do I do now?
Dmi F
Oh, I don't know cuz I'm still leaving
C G
Now - who's gonna save me next time?
Dmi F
Oh, not you - ooh, for the first time

Verse 2:

C G
And the road to get to the other side of your rainbow
Dmi F
It wasn't for me - oh, I guess
C G
I couldn't live - not according to your path
Dmi F
I believe, at least
F
But damn it if I didn't give it a damn good shot
C
At least to try and be

Chorus:

G
And what do I do now
Dmi F
Oh, I don't know cuz I'm still leaving
C G
And now - who's gonna save me next time?
Dmi F
No, not you - ooh, for the first time

C G
But somehow I'll be alright
 Dmi F
Somehow I'll be alright, ooh
