And it go la-la-la-la-la-la-la-la-la-la (Uh, what?)  
And it go la-la-la-la-la-la-la-la-la-la (Yeah, uh, what?)  
And it go la-la-la-la-la-la-la-la-la-la (What?)  
And it go la-la-la-la-la-la-la-la-la-la (What?)  
And it go

I just spilled my drink all on his Mowalola  
Everybody blowin' up my Motorola (Uh)  
With five bad girls in the Honda Civic (Honda Civic)  
Feels like a Lambo from the way I whip it (Whip, it, whip it)

I don't plan on doin' nothin' cool tonight (I don't, I don't)  
I'm just tryna make my way to you tonight (Yeah)  
Yeah, I'm in a rush, I'm runnin' through the light  
Yeah, I'm in a rush, rush, rush

Meet me in the parkin' lot, let's turn up  
Baby, we don't gotta talk a lot  
It feels fun when I'm hangin' out the window of your new Mercedes  
I can be your bad girl, don't treat me like a lady

Wakin' up to bruises I don't know how I got  
How much did I blow last night? I'm guessin' a lot  
This feel like the 'Rari, drop the top in the rain  
Leave the party lookin' different than how I came  
Don't text me, I might come over  
You might get a four-leaf clover  
See the life flash through the backseat  
I don't feel like pullin' over

I don't plan on doin' nothin' cool tonight (I don't, I don't)  
I'm just tryna make my way to you tonight
