

# Finest Thing

Lisa Stansfield

Will you choose me as your lover to be  
Give it time, it will all work out fine  
Am I the one that you're thinking of  
Every second of the time will you choose to be mine  
Bridge  
Tell me will it be the same  
Do you want to call my name in your sleep  
Do you love me deeper than life itself  
Just rely on love, I'm here, don't leave me on the shelf

Chorus

You, you are the finest thing that walked into my life  
For me, for me there'll be no better time  
Then when I'm holding your hand in mine  
Looking into your eyes, because they're telling me all about yo  
u

Ever been true, I've been thinking of you  
All the time you are in my mind  
Do you see every minute of me  
Can you keep your mind on what you're doing

(Bridge)

(Chorus x 5)
