

You Get Me

Lisa Stansfield

You get me, you get me
You get me right there baby now

Some sensation
Making love when saying your name out loud
And conversation
There's no need for it when you're around

'Cause talking 'bout your love and where you use it
Baby pick me up and never put me down
Talking 'bout your love and never will I abuse it, no
'Cause oh, we're, baby, going round and round, and round

You get me, you get me
You get me right there baby now
You get me, you get me
You get me right there baby now

A few attraction
Just touching your body when you hold me in your arms
Pure satisfaction
When we getting it on it's because you're the only one

Talking 'bout your love and where you use it
Baby pick me up and never let me down
Talking 'bout your love and never will I abuse it, no
'Cause oh, we're, baby, going round and round, and round

You get me, you get me
You get me right there baby now
You get me, you get me
You get me right there baby now

Baby, when I feel your touch
I can never get too much
Boy, you gave me just enough
More than passion, more than love
The kind of love that I can trust
Baby, there's no stopping us

Talking 'bout your love and where you use it
Baby pick me up and never let me down
Talking 'bout your love and never will I abuse it, no
'Cause oh, we're, baby, going round and round, and round

You get me, you get me
You get me right there baby now
You get me, you get me
You get me right there baby now

You get me, you get me
You get me right there baby now
You get me, you get me
You get me right there baby now

You get me, you get me
You get me right there baby now

Baby, when I feel your touch
I can never get too much
Boy, you gave me just enough
More than passion, more than love
The kind of love that I can trust
Baby, there's no stopping us

You get me, you get me
You get me right there baby now
You get me, you get me
You get me right there baby now

You get me, you get me
You get me right there baby now
You get me, you get me
You get me right there baby now
