

Chasing the Sun

Lissie

I'm always chasing the sun
Wonderin' what'll come with the new day
I'm done with looking behind
I'm done with losing my mind
And it's gotta be a better way

Somewhere on the horizon
A new world is risin', this, I believe
Somethin' I could only imagine
Some kind of magic is waiting for me

Run, run, run, run 'til I catch the light
Run, run, run, run 'til I catch the light
Run, run, run, run 'til I catch the light
Run, run, run, run 'til I catch the light
Run, run, run, run 'til I catch the light
Run, run, run, run 'til I catch the light

I take my hands off the wheel
I am surrounded by fields
The light is guiding me home
I'm off to where I belong
The road is singing a song
It's how I know where to go, it's a song that I know

Somewhere, out over the ocean
Planets in motion and I can see
Ah, something I've only imagined
Some kind of magic is coming for me

And I, I keep running
I'm chasing the sun, I'm chasing the sun
Oh, I, I keep running
I'm chasing the sun, I'm chasing the sun

Oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh
Oh-oh-oh, oh-oh-oh-oo

(Run, run, run, run 'til I catch the light)
I'm not the only one ('Til I catch the light)
Chasing the morning sun ('Til I catch the light)
Turning to face the light ('Til I catch the light)
Trying to make things right
I know that we'll get there (I'm chasing the sun)
'Cause we can make it anywhere (I'm chasing the sun)
I'm not the only one chasing the morning sun
I'm not the only one (I, I keep running) chasing the morning sun
Turning to face the light (I'm chasing the sun)
Trying to make things right (I'm chasing the sun)
I know that we'll get there (I, I keep running)
'Cause we can make it anywhere
I'm not the only one (I'm chasing the sun)
Chasing the morning sun (I'm chasing the sun)

Oh-oh-oh, I'm chasing the sun, I'm chasing the sun, I'm chasing the sun

Oh-oh-oh, I'm chasing the sun, I'm chasing the sun, I'm chasing the sun
