

Midnight

Lissie

Goin' downtown where the music plays
Gonna live my life like it's slipping away
Gonna get drunk on the midnight air
Gonna pour my heart out to whoever is there

Look in my eyes, look in my eyes
Never was good at telling lies
Look at my life, look at my life
I never was good at long goodbyes

Midnight
Take me somewhere
I don't wanna fight it no more
No, I don't wanna fight it no more

My life
Is somewhere out there
I don't wanna fight it no more
No, I don't wanna fight it no more

Gonna wake up in a patch of sun
In a field of dreams, where gold rivers run
Gonna spread out these broken wings
Gonna ride the wind to where the future sings

Look at my life, look at my life
I'm opening up like a butterfly
Look in my eyes, look in my eyes
For every tear, there's a tear that dries

Midnight
Take me somewhere
I don't wanna fight it no more
No, I don't wanna fight it no more

My life
Is somewhere out there
I don't wanna fight it no more
No, I don't wanna fight it no more

Look in my eyes, look in my eyes
For every tear, there's a tear that dries

Midnight
Take me somewhere
I don't wanna fight it no more
No, I don't wanna fight it no more

My life
Is somewhere out there
I don't wanna fight it no more
No, I don't wanna fight it no more
No, I don't wanna fight it no more

Going downtown where the music plays
Gonna live my life like it's slippin' away
