

We March To A Whole Different Drum

Listener

We get to march... 2, 3, 4
To a whole different drum
Tu tu tu du
That's why we love what we do
Come and look for what we become
Oh listeners, oh listeners!
Just do what you do best
And help me get this words off my chest (oh)
This relationship is priceless and mean so much to me
I'll even dedicate my rap name to you
'Cause you mean so much to me

– Yeah!

– Thank you
