

# All American Boy

Lit

Me and my honey  
We were foggin' up the windows in her daddy's Lincoln Town Car  
Listenin' to his station playin music from the past  
Hear this song reminds me of when I was just a kid  
My mom was drivin' me to school

And (oh) I had it it so easy  
(Oh) I never had to worry at all  
'Cause I'm an all American boy (all American boy)  
Livin' for the weekend waitin' for the summer to come  
(All American boy)  
Ooh yeah  
(All American boy)  
Hangin' with the guys just waitin' for the ladies to call  
(All American boy)

Well me and Tony  
We were hangin' out the wall  
Makin' plans for Friday evenin'  
Sharin' on a cigarette  
When we heard the dean was comin'  
Jumped the fence and made sure we were nowhere he see us  
And make us go right back to class

And (oh) I had it it so easy  
(Oh) I never had to worry at all  
'Cause I'm an all American boy (all American boy)  
Livin' for the weekend waitin' for the summer to come  
(All American boy)  
Ooh yeah  
(All American boy)  
Hangin' with the guys just waitin' for the ladies to call  
(All American boy)

Well I had it so easy yeah yeah  
(Oh) I never had to worry at all  
'Cause I'm an all American boy (all American boy)  
Ooh yeah yeah yeah  
(All American boy)  
That's who I am  
(All American boy)  
I'm just an all American boy  
(All American boy)

(All American boy)  
(All American boy)  
(All American boy)  
(All American boy)  
I'm just an all American boy  
(All American boy)
