

Hard To Find

Lit

Look around, look around you answers
(Someone tell me)
Where can I, where can I find faith again
(Can you help me?)

I'm running aimless just to
Try to and find a place to belong
I try explaining, but the words are
Always coming out wrong
There's so much more to myself than this

And it's so hard to find
And it's so hard to find
I know you're out there

Closer now, closer than I've ever been
(To being too far gone)
Running out, running out of you again
(Can you fuel me?)

I'm numb and painless
Just to keep me feeling nothing at all
I try in vain but nothing seems
To be working at all

And it's so hard to find
It takes so long to get things right
And it's so hard to find
I know you're out there

There's so much more to myself than this
I know there's more to myself than this

And it's so hard to find
And it's so hard to find
So hard to find
It takes so long to get things right
And it's so hard to find
I know you're out there
I know you're out there
Somewhere out there
