Work so hard to f*ckin' make I don't get why we can't do What we want to when it doesn't hurt you I don't get it I don't get why we can't smoke

Just because you say it's bad

What mother nature chose to grow I don't get it I don't why we should change

What we said here to so

We dont have to expalin I don't get it I can't make sense of an ything

I can't make sense of anything I can't make friends with anyone

I don't get anything at all It doesn't matter anymore
